REQUEST FOR PROPOSAL (RFP) FOR CONCURRENT AUDIT OF DISTRICT HEALTH SOCIETY, 'Bharatpur.

The District Health Society Bharatpur ,seeks to invite Proposals from interested entities (CA firms) meeting the minimum eligibility criteria for providing their services for the concurrent audit of including National Disease Control Programmes under NHM for the financial year 2025-26.

The details about the background of the auditee, the units to be covered in the audit, scope of work, terms of reference, and the eligibility criteria for selection of the C. A. firms are given in the following paragraphs.

Terms of Reference (ToR)

Section I - Background

1. National Health Mission (NHM) of the Ministry of Health & Family Welfare was launched on **12th April, 2005** by the Government of India to improve medical facilities in rural area in the country. The NHM seeks to provide accessible, affordable and quality health care to the rural population, especially the vulnerable sections. It also seeks to reduce the Maternal Mortality Ratio (MMR) in the country from 407 to 100 per 1,00,000 live births, Infant Mortality rate (IMR) from 60 to 30 per 1000 live births and the Total Fertility Rate (TFR) from 3.0 to 2.1 within the 7 year period of the Mission.
2. One of the visions of the Mission is to increase public spending on health from 0.9% to 2-3% of GDP, with the improved arrangement for community financing and risk pooling. The NHM has provided an umbrella under which the existing Reproductive and Child Health Programme (RCH) and various National Disease Control Programmes (NDCPs) have been repositioned.
3. At present the following Programmes/Schemes falls under the National Health Mission:
 - A. NHM-RCH Flexible Pool:
 - **RCH Flexible Pool** (including Routine Immunization (RI), Pulse Polio Immunization (PPIP) & National Iodine Deficiency Disease Control Programme (NIDDCP)
 - **Health System Strengthening** (including National Programme for Prevention and Control of Deafness (NPPCD), National Oral Health Programme (NOHP), National Programme for Palliative Care (NPPC), Assistance to State for Capacity building (Burn Injury), National Programme for Fluorosis(NPF).

Section II

Objective of Audit

1. In the initial years of the launch of National Health Mission (NHM), the Mission has consolidated a discernible amount of financial and accounting processes. It has built into the frameworks put in place by programmes like RCH-II & RNTCP and has provided a dependable structure for these processes to operate upon. The main reason of this development can be attributed to the fact that the Mission rather than being just prescriptive was alive to the gaping requirement of management professionals in the health system. The lateral infusion of professionals in the State & District Programme Management Support Units (PMSUs) has helped to a large extent in streamlining the financial and accounting processes.
2. The Mission is gaining momentum with ever spiralling activities under a highly decentralized framework of implementation, the processes, especially the qualitative part of it, are coming under increased pressure. With more and more funds going to the Sub-District level entities like blocks, PHCs, Sub-Centres, ASHA & VHSC, the reporting aspects from these levels have acquired gargantuan proportions. Not only the quantum of reporting has increased, the number of financial transactions at the grassroots levels has gone up significantly due to programmes like Janani Suraksha Yojana, Compensation for Sterilization, untied funds, Medical relief societies, etc. The problem of quality of account keeping and accuracy of financial reporting is not only confined to District level but manifests itself even at the State Health Society level. Even if the books of accounts are maintained, advances remain unadjusted for a long time. The concurrent audit by Chartered Accountant firms can highlight these issues and suggest corrective measures. The finance and accounts personnel appointed in SPMSU are primarily responsible for these aspects. But it is felt that they may be provided with technical support in putting the house in order.
3. To tackle the above issues, it has accordingly been decided that the mechanism of concurrent audit may be implemented at state level under NHM covering all the programmes under the Mission. The District level Auditors (separately appointed by the Districts) are doing the concurrent Audit of Districts Health Societies (DHS).
4. **The concurrent Audit of DRHS inclusive of all programme components is hereby offered through this TOR.**

The focus of the initiative will be to see that:

- (1) Accuracy is ensured in maintenance of books of account and these are maintained on a timely basis;
- (2) Advances are tracked, followed up and settled on a priority basis;
- (3) Exclude advances being shown as expenditure in the FMRs;
- (4) Bring accuracy to the monthly/quarterly Financial Monitoring Reports based on books of accounts;
- (5) Ensure voucher/evidence based payments to improve transparency.
- (6) Enable timely and accurate submission of financial MIS to the management;

B. National Urban Health Mission (NUHM).

C. Flexible Pool for Communicable Disease:

- National Vector Borne Disease Control Programme (NVBDCP)
- Revised National Tuberculosis Control Programme (RNTCP)
- National Leprosy Eradication Programme (NLEP)
- Integrated Disease Surveillance Project (IDSP)

D. Flexible Pool for Non-Communicable Disease, Injury & Trauma:

- National Programme for Control of Blindness (NPCB)
- National Mental Health Programme (NMHP)
- National Programme for Health Care of the Elderly (NPHCE)
- National Tobacco Control Programme (NTCP)
- National Programme for Prevention and Control of Cancer, Diabetes, Cardiovascular Diseases and Stroke (NPCDCS).

4. Institutional and Funding Arrangements: For the implementation of the above programmes MOHFW has required the creation of an Integrated Rajasthan State Health Society (RSHS) at State. (Registered as a legal entity at the State under Rajasthan Institutions Registration Act, 1958). The RSHS works in close coordination with the Directorate of Health & Family Welfare, Rajasthan. Program implementation is done through its District Chief Medical Officer's office, Block CMOs, Community Health Centres (CHCs), Primary Health Centres (PHCs), Sub-Centres (SCs) and Village Health Centres (VHCs). Some activities may be managed at the State level such as drug procurement, IEC, civil works, training using specialized entities such as SIHFW, IEC Bureau, PWD, the Directorate of Health etc. In addition funds are also released to NGOs and private entities under public private participation arrangements.

Funding & Accounting Arrangements: Funds for the various programs are transferred to the State from the Government of India in the form of Grants-in-Aid to RSHS on the basis of State Programme Implementation Plan (SPIPs) and approved Annual Work Plan which is prepared on the basis of District Health Action Plans (DHAP) of each of the districts in the State. Under the umbrella of the integrated RSHS/DHS each program has separate bank accounts, maintains separate books of accounts and other financial records as required under each program and also submit separate financial activity reports at prescribed frequencies to the respective monitoring unit in MOHFW (GOI).

5. **Financing by Development Partners/ Donors:** Some of the programs are supported by development partners such as the World Bank, DFID, UNFPA, European Union, GFATM etc for which grant/ credit agreements have been entered into by GoI with the respective development partners. Compliance with specific fiduciary requirements of the development partners will additionally need to be reported by the auditors. Copies of the relevant documents will be provided to the auditor.

- (7) Improve the accuracy and timeliness of financial reporting.
- (8) Improve the internal control systems in the society.
- (9) Ensure the bank reconciliation statement are prepared timely.
- (10) Outstanding advances less than six months & six months & more, & special stress on advances more than one year.
- (11) Abnormal expenditure reported should be shown in the report separately.

Financial Statements:

The Auditor shall submit the monthly financial Statements. A format of such financial statements and relevant schedules showing the details of report of all the programme is given at appendix-A. All errors should be rectified within the same month.

Three handwritten signatures are present. The first is in blue ink, the second in green ink, and the third in black ink. They appear to be initials or names of individuals involved in the document.
